By-law No. 41

OF THE MUNICIPALITY OF INDIAN
HEAD to raise by way of loan the
sum of two thousand dollars.

Whereas it is expedient for the Municipality of Indian Head to raise by way of loan the sum of two thousand dollars (\$2,000) for the purpose of erecting a Town Hall for the said Municipality.

And whereas the value of the whole rateable property of said Municipality according to the last revised assessment roll thereof, irrespective of any future increase thereof, and also irrespective of any work whatsoever, or stock, shingle, or interest thereon, is six hundred and seventy thousand and thirty-five dollars.

And whereas there is no existing debt of said Municipality, other than for current expenses.

And whereas it is expedient that the amount of said loan shall be repayable in equal annual instalments of one hundred dollars each, extending over a period of twenty years from the time hereinafter mentioned for this By-law to take effect, with interest thereon at the rate of seven per cent. payable annually.

And whereas for the purpose of repaying the said instalments of principal money, and the interest thereon at the rate aforesaid, there will be required to be raised, levied and collected in each of the following years during the currency of said By-law, the sums following that is to say:

In the year 1889, the sum of \$240.00.
In the year 1890, the sum of \$233.00.
In the year 1891, the sum of \$226.00.
In the year 1892, the sum of \$219.00.
In the year 1893, the sum of \$212.00.
In the year 1894, the sum of \$205.00.
In the year 1895, the sum of \$198.00.
In the year 1896, the sum of \$191.00.
In the year 1897, the sum of \$184.00.
In the year 1898, the sum of \$177.00.
In the year 1899, the sum of \$170.00.
In the year 1900, the sum of \$163.00.
In the year 1901, the sum of \$156.00.
In the year 1902, the sum of \$149.00.
In the year 1903, the sum of \$142.00.
In the year 1904, the sum of \$135.00.
In the year 1905, the sum of \$128.00.
In the year 1906, the sum of \$121.00.
In the year 1907, the sum of \$114.00.
In the year 1908, the sum of \$107.00.

Therefore the Municipality of Indian Head by the Council thereof enacts as follows:

1. This By-law shall take effect, upon, from and after the first day of October, 1888.

2. It shall be lawful for the Council of said Municipality, and the said Council is hereby authorized and empowered to raise by way of loan the said sum of two thousand dollars for the purpose aforesaid, and to make and issue debentures of said Municipality for the repayment thereof by annual instalments as aforesaid. Such debentures shall be made and issued for the sum of one hundred dollars each, not exceeding in the whole the said sum of two thousand dollars and shall be secured with the said sum of said Municipality, and signed by the Chairman and countersigned by the Treasurer thereof.

3. The said debentures shall be made payable, respectively, one at the expiration of each year after this By-law takes effect, during the said term of twenty years, at the Imperial Bank of Canada in Winnipeg, and shall have attached to them coupons for the payment of interest thereon at the rate of seven per cent. per annum from the time this By-law takes effect, payable annually at the expiration of each year from the time this By-law takes effect.

4. For the purpose of providing for the payment of the said debentures and interest thereon at the rate aforesaid, there shall be raised, levied, and collected in the year 1889, and in each and every year thereafter during said period of twenty years, an equal annual special rate of thirty-nine hundredths of one mill in the dollar, upon the whole rateable property of the said Municipality, in addition to all other rates and taxes of said Municipality.

5. A vote of the electors of the said Municipality shall be taken on the said By-law on Saturday, the eleventh day of August, 1888, and for the purpose of taking said vote the following shall be the polling sub-divisions, the places of polling therein, and the Deputy Returning Officers thereof respectively:

1. Polling sub-division Number one, be ward number three, polling place Commercial Hotel, Indian Head, George Thompson, Returning Officer.

2. Polling sub-division number two be ward number one, polling place at Charles May's house, Sec. 14 Tp. 17 Range 13; J. H. Bunell, deputy returning officer.

3. Polling sub-division number three be ward number two; polling place at C. P. R. section house, Sinitula; Thos. H. Dunckley, deputy returning officer.

4. Polling sub-division number four be ward number four, polling place at the School House, Wide Awake school district; Dan McKeen, deputy returning officer.

5. Polling sub-division number five be ward number five, polling place at J. A. C. Blackwood's house; Peter Daymen, deputy returning officer.

6. The said Poll shall be opened at each of said polling places at nine o'clock in the forenoon of said polling day and shall close at five o'clock in the afternoon of said day.

7. The Clerk of the Council of said Municipality will sum up the number of votes given for or against this By-law, at Indian Head, on Tuesday, the fourteenth day of August, 1888, between the hours of ten o'clock and twelve o'clock in the forenoon.

NOTICE
A vote is a true copy of a proposed By-law which will be taken into consideration by the Council of the Municipality of Indian Head, after one month from the nineteenth day of July, 1888, being the date of the first publication thereof in the "Qu'Appelle Progress," and that at the hour, day and places fixed by said proposed By-law for taking the vote of the electors thereon, the polls will be held.
Dated this nineteenth day of July, 1888.

Clerk Municipality of Indian Head.

LICENSES TO SELL.

Further consideration of the permits to sell beer can lead to no other conclusion than that it was an arbitrary and high handed usurpation of the rights of the people. Every reasonable and candid man must concur in this conclusion. It is only a few weeks since the people demanded, in every constituency in the entire Northwest, that there should be no relaxation of the Prohibitory clauses of the Northwest Territories Act without a vote of the people was first taken and found to be in favor of it. But what do we find? One of the first acts of Lieut.-Governor Royal was to violate the spirit, though perhaps not the letter, of the law, by extending official recognition to what might be called the advance guard of the liquor traffic. This too in direct opposition to the so recently expressed wish of the people. There was no reason, whatever, for such a course. In fact no attempt is made to excuse it. Considered politically, the Opposition rubs his hands with glee at the flagrant usurpation of the will of the people by our administrator, and the friend of the Government cannot but feel a tinge of shame at the thought that Lieut.-Governor Royal should so soon arrogate to himself a power which he only a few days before said he would relegate to the people's representatives. The question arises—of what use was it to give a Legislative Assembly to the Northwest, and go to the trouble and turmoil of an election, if the newly elected members are not to be consulted in a matter of so vital importance as that of legalization of the liquor traffic in any form. The question of Prohibition or license was the one great topic of discussion during the late electoral contest, and the action of the Lieutenant-Governor forces it more directly upon the attention of the people. They should take cognizance of the matter. Each member of the Legislature should without delay call meetings in his division, and take the views of the people upon the issue of those permits. We believe the people will resent the infringement of their rights in no uncertain sound. They should be heard from all over the land and that right early. Let meetings be called everywhere and let the people be heard on this great question.

THE PERMIT POWER.

It is a common saying that every law has some flaw that prevents in some degree the carrying out of its full intention. The one great flaw of the Northwest Territories Act is the absolute power given to the Lieutenant-Governor either to permit the entire liquor traffic with all its attendant evils, or to prohibit it completely just as he may will to do. This may look like an extreme way of putting it, but it is nevertheless true that he has such power. The permits to sell beer recently issued are an evidence that the Lieut.-Governor can if he wills it, by his own authority make a full license law. If he has power to permit the sale of beer of four per cent. alcohol, he most certainly can permit the sale of all kinds of spirits. The people heretofore have not apparently realized the full extent of the power possessed by the Lieut.-Governor, because it was so wisely and sparingly exercised. No such power to subvert the will of the people should be given to any man. The ex-Lieutenant-Governor, Mr. Dewdney, would have been glad to have been relieved of it, and if we understand Mr. Royal's views correctly he is also desirous of a change in the law. It is asked—Is he trying to be bold move to bring the permit power into such disrepute that there will be a violent clamor for a change, and in consequence the Dominion Parliament will be induced to relieve him of it. What ever may be said in its favor in the

past, that it was all right when the Lieut.-Governor was also Indian Commissioner, and the population was largely composed of Indians and half-breeds, it is high time that there should be a change. A commissioner or commissioners should be appointed and salaried to administer the law in respect to intoxicants which should be so amended as to prevent the possibility of their flooding the country with liquor. The Dominion Government should bring such a change before the Dominion Parliament at its next session, and it would no doubt pass.

Our readers will remember the pledge given by Mr. G. S. Davidson on the Prohibition question during the recent election contest and published in these columns, and may be somewhat surprised to find that he was among the first to procure for himself one of the new permits to sell four per cent beer. A strict fulfillment of the letter of that pledge would have prevented him from procuring such permit himself, or recommending an application from any body else. He may be excused, however, if his voice is heard in denunciation of the arbitrary actions; and his influence felt in defence of the people's rights which were infringed upon by the recent issue of those licenses to sell.

A recent telegraphic dispatch hints at the possible abolition of the mounted police. A worse thing could not happen the Northwest. The police are an absolute necessity in the country, and will be for years to come.

Owing to the absence of the editor who has gone to Winnipeg and Rat Portage, the discussion of the opinions of the press on the beer permits is deferred till next week.

The Journal man winces when buzzed on his new Northwest game of "treeing possums." He ought to wince.

Hon. Edgar Dewdney, has been appointed Minister of the Interior and John Haggart to the position of Postmaster General.

HOLIDAY PROBLEM.

The following problem is proposed for solution by public school scholars during the holidays:

There was a certain country squire very fond of horses, and he was very wealthy, and his tastes well known. Many horse-breeders and dealers when they had a very valuable animal would take him to show to the squire. One day a very noble creature was brought to the hall. The squire could not but admire its strength, form and beauty. "Name the price," said he. "Three hundred pounds," said the owner. "Pooh! Three hundred pounds! Are you mad, or do you think me so?" Well, sir, that is the price—no less will buy him." The dealer prepared to go, but lingering a moment, he said: "I see you like the horse, sir, but not the price. Well, suppose I shift my ground, and ask you to pay for the nails in the horse's shoes. There are thirty-two of them. You shall give me a farthing for the first nail, a half-penny for the second, a penny for the third, doubling the sum for each nail." "Agreed," said the squire, with a laugh, and bade the groom lead the horse into the stable, and told the dealer to come into the library for the money. "Stay," said the dealer. You are quite sure, sir, you like my terms?" "Oh, of course," said the squire. "Let me see what it comes to." He seated himself at his desk. The dealer meanwhile taking out his pocket-book, wrote down the figures and handed the open page to the squire. How much had the squire to pay for his horse?

Answers to the above are requested to be handed in or sent to this office.

At Stratford, Conn., a courtship that has been carried on for a period of thirty-one years is still pursuing its way without any more signs of a matrimonial termination than there was over a quarter a century ago.—Hartford Post.

EDGELEY.

(From our own correspondent.)

—The Sabbath school was well attended last Sunday. Mrs. J. A. Whittingham was added to the staff of teachers. The school promises to be a grand success.

—The friends of Mr. Thomas Wright, will be pleased to learn that he intends shortly to return to the Northwest from the Golden State, which he has found out to have been greatly overrated.

—Mr. Thos. Blair, who has been working on the Edgeley Farm since early spring, has engaged with Scott & Leeson to drive the mail between Swift Current and Battleford, for which place he left on Tuesday last. "Success, Tom."

—The school examination turned out to be a picnic as well, and both old and young enjoyed themselves immensely. The rapidity with which the good things disappeared but further the reputation of the Edgeley matrons' ability to get up something good.

KATEPWE.

(From our own correspondent.)

—The Qu'Appelle river is falling fast and the low state of the water will be of advantage to the dam builders.

—Haying is being pushed now by most farmers here, so as to get it out of the way before harvest commences.

—Mr. Ralph Todd has secured the contract of the Hudson's Bay Co's statute labor for Indian Head municipality.

—There is a rumor afloat to the effect that Mr. J. A. C. Blackwood has sold a house to the Katepwe school teacher. The same to be moved near to the school house for a winter residence.

—The new school house is nearing completion as rapidly as circumstances will permit. The work, however, is one that requires considerable time owing to the thickness of the concrete wall.

—The fine rain last week was very beneficial to all garden products and also to some of the crops that were beginning to show too great haste to ripen owing to the excessive heat and drying winds.

FATHERS OF CONFEDERATION.

The Winnipeg Sun has arranged for a supply of the historic picture entitled "The Fathers of Confederation." It is a delightful engraving of artistic finish, 26 1/2 inches by 37 1/2 inches in size. It embodies life-like portraits of thirty-four of the leading men of Canada in 1864, including Sir John A. Macdonald, Sir George E. Cartier, T. A. Aitken, McGee, Hon. George Brown, Hon. Oliver Mowat, Sir Charles Tupper, and Sir E. P. Tache. The scene is in the conference room at Quebec, the windows of which overlooked the harbor and shipping, and the occasion is the conference which resulted in the confederation of the colonies in 1867. It is a charming work of art, and possesses great historic interest. It is given free to every yearly subscriber to the weekly Sun, the price of which has been reduced to \$1 per annum.

We will club the Winnipeg Sun and THE QU'APPELLE PROGRESS for \$1.75 per annum including the above valuable picture.

A curious story about the Japanese Emperor's opinion of dancing is told by the Tokio Despatch. That journal relates that recently a Minister of state, while in audience, touched upon the subject of dancing, whereupon his Majesty expressed his opinion that the prevalence of such a voluptuous custom was a sure indication of the decay of the nation. The State Minister in question, hearing His Majesty express such strong views on the subject, upon retiring from his presence immediately gave private orders to those engaged in the construction of the new palace to dismantle the dancing saloon in the new building, which was already complete.

Little Billy and His Driver.
A remarkable effort is said to exist between the trotting stallion Little Billy, record 2:27, and his driver, a man named Isaac Higgins of Brandon. The latter has trained and driven Little Billy from childhood, and the horse will do anything he wants him to, even to stopping at a signal from his driver when in the midst of a hotly-contested heat. Not long ago the owner of Little Billy secured a new driver for him, but thus far he has been unable to do anything with the horse, which was over a quarter a century ago.—Hartford Post.

Ward at the time, to offset which the charge is brought. The affair is involved in mystery.

MONTREAL, July 25.—A sad drowning accident is reported from L'Assomption. Last evening four young children at Vandeville were amusing themselves on logs in the river when a chain by which they were attached gave way, and they were carried down the river. The logs caught on a batteau, precipitating the children into the water, where they drowned. The youngest was aged 7, and the eldest 13.

St. John, N.B., July 25.—The St. John Globe, which V. E. Ellis, Gt. M.P. for this city is editor, responds warmly to the proposal of Senator Stewart that the fishery question be settled by the annexation of Canada to the United States. The Globe says, "Great Britain will rejoice at the prospect of the United States as a great material advantage to herself." This union, Ellis observes, would blot out any unpleasant memory that may remain of the revolutionary struggle and establish beyond a doubt perfect harmony between Great Britain and America. The Globe proceeds to outline a scheme of union, referring to payment for Imperial property at Halifax, the assumption of the Canadian debt by the States and even going so far as to arrange that each province should become one of the states of the union.

MONTREAL, July 26.—A club of young men who promise to enlist in the service of Gen. Boulanger, has been formed here. The club, which is called the "Boulangers," is a large number of young French Canadian boys, who are to meet in a large hall to drill, play cards and drink. They profess to be forming a corps to fight for Boulanger.

MONTREAL, July 27.—C. T. Landot, church ornaments, whose entire stock was seized by customs two years ago, for under-valuation, and has been fighting the department in the courts ever since, compromised the matter by paying \$3,000 and costs.

MONTREAL, July 26.—Sir Donald Smith has purchased John McIntyre's residence adjoining his own on Dorchester street, for \$90,000. It is intended as a gift to his daughter, who married Dr. J. B. Howard some time ago.

MONTREAL, July 27.—Five thousand two hundred shares of the Southeastern railway company were sold today at a profit of \$10 each to J. O'Halloran, Q.C. Par value \$100.

MONTREAL, July 27.—It is rumored that C. J. Doherty, Q.C., and F. N. Archambault will soon be appointed to the Superior Court bench.

LONDON, July 27.—Surveying parties start from here today to stake out the route for the Canadian Pacific railway between London and Windsor. This is the commencement of active operations on the construction of the line.

MONTREAL, July 26.—Two of the three Chinamen who were killed at Plattsburgh, N.Y., on the ground that they were carrying irregular or forged, came back to Montreal today in charge of a United States marshal. Having entered Canada in bond, they were liable to pay a duty of \$30 apiece if they failed to remain within the Dominion. The money was paid, and the two Chinamen were set at liberty.

HALIFAX, July 26.—The trial of the election petition against General Laurie closed at St. John's yesterday. The judge reserved his decision, which will be delivered at Halifax on July 28.

MONTREAL, July 26.—A most disastrous fire occurred here this morning, destroying the large roller mill, saw mill and private residence of Edith Schmidt. In the roller mill were two thousand barrels of wheat and a large quantity of flour. A large quantity of lumber was also destroyed. The loss is estimated at \$20,000; insurance, \$5,000.

OTTAWA, July 26.—Lieutenant Governor Ross passed through Ottawa to-day, en route to Montreal. It is understood that he will be banquipped at Vandeville by his old political associates. Chaplain will likely precede.

TORONTO, July 26.—To-night John Macdonald, M.P., of St. John's, Ont., was presented with a solid silver tea service for honorable and unusual conduct in having paid his creditors a balance of ten cents on the dollar which they were not legally entitled to. At the time of his failure his creditors had 30 cents.

CHICAGO, July 27.—W. A. Matson, of Charlotte, N.Y., reached Chicago in an ordinary row boat at 4 o'clock yesterday afternoon. He left Charlotte Monday evening, but encountered a gale about 25 miles out and did not reach Chicago until 2 o'clock next morning, and encountered in reaching the Canadian shore, a distance of 70 miles.

OTTAWA, July 27.—Arrangements are being made to replace the lighthouse on St. John's Island, Lake Winnipeg, which was burned down last winter. MONTREAL, July 27.—The Star contains a long interview with Lieutenant Governor Ross. He declares his intention of encouraging the building of railways and highways, and the construction of bridges and ferries. He also says: "I hold it to be a duty of government in every new country to be in a measure paternal. No government on lay claim to title that does not foster and encourage to the fullest extent all sorts of village and systems of farming best adapted to the soil of that country. In the territory there are various soils and mixed farming and herd and grain raising go hand in hand. If the grain fails the cattle are there and it is this raising of cattle which is the basis of the present prosperity of the country. It will not aim to encourage ranchers and capitalists from abroad to establish even larger breeding farms, while new settlers can be taught how to combine the best of both systems. They will not place all the eggs in one basket, but when one basket fails will be ready with another. The Indians were quiet, and so they will remain if left alone. There has been a rebellion among the Indians since the rebellion settlement. The fear has been in Quebec province being brought about by party leaders for party purposes." His Honor stated that he was never either a hunter or a fisherman in free trade in liquor, but in regard to liquor he wished to correct a misrepresentation. A section of the press had stated that through him the hotel obtained an unrestricted perpetual license. This was not true. What the hotel received was a license to sell simply beer and wine, subject to the same restrictions as the dining cars. The promoters of the hotel, which was for the common benefit, had laid out thousands to establish it, and the least the government could do had been to grant them a license for such a term.

KINGSTON, July 28.—C. Nelson, the Atlanta bootler, has been remanded until Tuesday, but released on \$2,000 bail. He has been suffering from insomnia for several weeks. The chief has been paid \$300 for the capture, though \$1,000 was offered as a reward.

MONTREAL, July 28.—Detective Hall, of Baltimore, arrived here to-day with the extradition papers in Bergin case. He is charged with forgery.

BRANTFORD, July 28.—Judge Jones rendered a valuable decision at the court house today. The judge refused to grant a writ of habeas corpus for the release of a prisoner in the Central prison against Campbell Young, butcher, who was convicted of attempted rape upon a young Hamilton girl named Carrie Howick. The revised statutes give no option to the judge but to sentence him to two years in the penitentiary for such offence. His honor had this pointed to him by the crown attorney, and decided to communicate with the Minister of Justice. This he did, and now reaffirms the former sentence, citing the English statute which gives the judge discretionary powers in such cases.

MONTREAL, July 28.—The old fight between the union and the opposition carters has been resumed. Three opposition men were arrested at the Windsor and two at the St. Lawrence Hall this morning. Mr. S. Hall, Q.C., is going to fight the battle in the courts for the opposition.

OTTAWA, July 28.—The officials of the Department of Agriculture anticipate in future a large increase in the immigration from France to the territories. In spite of all the efforts made, immigration from France has been a failure. The aid given to the Bousiere line of steamships will, it is said, however, not be without its due effect, and the immigration of French people will be slightly higher than that of the British Isles. From Belgium the reports are not encouraging, although that kingdom has an overcharged population. The British Isles are expected to contribute their usual quota. Immigration being as usual large. An official computation places the number of Irish in Canada at present, taking away the French, as more than a third of the population. However, on the whole it is said that the department anticipate a large and increasing line of immigration in the years to come.

Freddie van Tonn (trashing into club billiard room completely exhausted)—G-bill me a glass of soda, quick. I have the most important news. I was just as hard as I could from the office.

Freddie—I have just received word by cable from Lunn—that straw hats will be—will be—one-eighth of an inch higher this summer than last.

CHICAGO, July 28.—Chapek and Chlebno, anarchist plotters, are missing. They were called this morning in the Army police court. They failed to respond, and their bonds for \$5,000 each were declared forfeited.

CHICAGO, July 27.—The task of taking the school census of the city of Chicago is completed. It has been done quickly, accurately and satisfactorily. The census of 1890 the delays were long and vexatious, the work in many respects inaccurate, involving the necessity of going over it two or three times, and the total cost was over \$100,000. With the improved system in use this year the expense will be less than \$7,000, although the territory and population of the city has increased considerably.

Superintendent A. E. Frankland, who has had charge of the work, completed the task. They adopted the usual course of striking a house when the men folk are away. They committed several burglaries at St. Joseph's village, and were in a farmer's house close by when the good wife returned and caught them. They said they came to buy some milk, but when the woman found the men extracting \$18 in cash from the pocket of a bureau, she concluded they were no milk men, and gave the alarm. result was a cannonading more terrible than any that has been seen on these grounds this season. Both Baldwin were knocked out of the box. The Chicago one went out in the second innings and Ryan finished the game. In the sixth inning, "Lucky" Baldwin was relieved by a wildcat, who was also hit hard. Baldwin came back for Detroit in the seventh, and was pounded most unmercifully. The errors on both sides were numerous and decidedly costly. The attendance was 8,500. Score by innings:

Chicago..... 13 13 23 21
Detroit..... 1 1 0 0 0 0 0 17

New York finds that an electric plant for the production of dogs will cost \$500.

The first Chinaman to receive a pension has just been placed upon the rolls. He was injured while serving on a man of war.

The coming of shrimp is becoming a great industry in New Orleans. Fully 100,000 cans a day are packed there during the season.

The government is trying lobster culture in the Pacific coast. The first Atlantic installment has been anchored at Santa Cruz.

Land in New York city is so dear that it would cost capitalists to build houses for millions. Many houses that sell for \$40,000 will not bring \$2,500 a year rent.

An effort is being made by the New York Working Women's society to have the factory inspection law amended so as to give women power to act as safety inspectors.

The largest load of spruce lumber shipped on the Erie canal in many years, if not since the canal was opened, is on its way to Brooklyn. The load consists of 303,655 feet.

For every 1,000 inhabitants the United States runs 1,970 miles annually, while the train mileage of Great Britain on the same basis is 7,500; Belgium, 4,500; France, 3,500; Germany, 3,500.

Unknown persons have begun to remove the rails from the historic Yale college track, presumably with a view of securing them as relics, before the whole thing is taken down by order of the college authorities.

All the life saving stations on the Atlantic coast of Long Island are to be connected with each other by telephone, and those isolated from the mainland are to be connected by telephone or telegraph with the nearest village.

Professor Roberts, of Cornell, urges the importance of a complex diet for a man, and especially the use of concentrated products, such as beef, milk, butter and cheese. Only on such food it is possible to reach the fullest perfection of physical health and intellectual development.

By the old method the steel wire from which watch springs are made was heated to the proper temperature and immediately plunged into oil. In the new process the wire is immersed in the oil bath first, and is then heated, by means of an electric current, to the desired degree of heat.

The largest bunch of grapes supposed to have been raised in California weighed nine pounds. It is said that this bunch of grapes has been gathered in some vineyard and thrown into the wine press. Watermelons weighing from fifty to eighty pounds are often sold in the San Francisco market, and one exhibited last fall weighed 113 pounds.

Thirty thousand dollars was voted by congress the other day for firing morning and evening salutes to the flag, which is due to the curious fact that the powder left over from the war lasted just twenty-three years. The last barrel was used early last spring, when the salutes have been fired at any military post except West Point, Fort Monroe and Fort Riley.

Near the old Indian burying ground at the mouth of the Walla Walla river has been found a metal which was given to Yellogot, a famous chief, in 1895, by the explorers Clark and Lewis. On one side of the metal is the inscription, "Dead in friendship," and a pipe and tomahawk in relief. On the other side the face of Jefferson is to be found, and the words, "U. S. A., President U. S. A., 1801."

The danger of semaphores is well known. A writer in The Century tells of a piece of good fortune coming from the habit. A semaphoretic man, anxious about a prize for which he was to compete, invited the writer of an essay, arose from her bed in sleep and wrote a paper upon a subject upon which she had not intended to write when awake, and this essay secured for her the prize.

A peculiar incident of history is the fact that two Jews of Bagdad have bought the entire estate of the ancient city of Bagdad, the great capital of Nebuchadnezzar. The purchasers are two brothers Effendi, one of whom was elected member of the Turkish parliament which convened in 1875. It is remarkable that two Jews have become the heirs of the gardens of Semiramis, the palace of Nebuchadnezzar, or what is left of them.

One of the most thoroughly equipped and highly accomplished centenarians on record is reported from San Diego, Cal. Jeffrey Gordon is his name; he is a negro, and he was born in Boone county, Va., on June 16, 1773. He is still vigorous, and his memory is so good that he remembers to have seen Washington when he was president, and also Jefferson, and to have helped build the cotton lake fortifications at New Orleans for Gen. Jackson.

CURIOUS THINGS IN LIFE.

A young lady in Philadelphia is said to have had five lovers all named Samuel.

A Brooklyn man named Wardrobe is in a singularly appropriate business. He has set up a shop in Fulton street for the renovation of clothing.

The omnipresent microbe has been detected in bolts. This discovery shows that the method of polishing is wrong, as the wet and moisture and the development of the microbe. An antiseptic treatment is best.

At Anderson, S. C., they have two brass medals—a gold that holds three thousand and one-half gallons and a brass that holds seven which will hold any fused or exploded thing that tries to get over it.

The statistics of the working of the new divorce law in France afford curious results. The total number of petitions filed from 1884 to 1886 exceeds 20,000. Among these who in 1886 asked for divorce were and simple twenty-four had been married fifty years.

The horses on the training ship New Hampshire publish a little paper called The Naval Apprentice. A recent issue of it has 20 per cent of the 128 boys on the New Hampshire are of foreign parentage, and that the percentage of American born boys enlisted in the training service is much larger now than at any other period.

Two Brooklyn youngsters of an original turn of mind, who frequent a dynamite store, decided to place it on the stove, like many of their elders have done, neither did they attempt to explode it with a hammer. They mounted it in a desirable spot and then stood off and attempted to hit the cartridge with stones. The usual result crowned their efforts.

The treasury department recently received half of a \$20 note from a Brooklyn woman with an affidavit to the effect that the other half had been chewed up by a child. The next day came an affidavit from a New York man, containing half of a \$20 note, and stating that the other half had been lost. The two halves bore the same number, and on being laid together the torn edges matched exactly. They were not redeemed.

A registered letter came to Sacramento, Me. The other day, directed to Joseph L.

dry. There are three owners of that name in Sacramento, each of whom was sure the letter was for him. The contest was warm and an interpreter was called in, for while the respective reasons of the claimants were argued. Finally the letter was opened and found to contain nothing but a small bill, which none of the three wanted.

The newspapers of the old world are usually a little off when it comes to describing localities in this country. An Italian paper tells of a cannibal woman in Manitoba, flayed and ate a dozen men. Speaking of the circumference of Italy, it says: "Manitoba is an integral part of the United States, and that were the republic is governed by Grover Cleveland and his gracious lady. Finally, we do not know how she can bear to hear of this unpunished outrage, committed by a woman who can say: 'I am an American citizen!'"

The world moves, even in England. Word comes from the little island that the London and Manchester railway has decided, "in deference to the prejudices of its American customers," to institute the system of checking baggage.

In the library of Dr. Williams, of London, is a copy of the Bible in short hand. It is exquisitely written, and is said to have belonged to an apprentice of the time of James II, who feared that the Bible was about to be prohibited, and so wrote this copy.

The reign of Kaiser Fritz was marked with the abolition of the cavalryman's cuirass. This was the last cuirass in Europe, and England is now calling for its abolition in her army. In the German army the cuirass has also been discarded in favor of the carbine.

The white hat has become extinct in London, and the reign of the "clovepot" has returned in greater force than ever. There is nothing so picturesque as the white hat for summer head gear, and it is to be hoped that our countrymen will not succumb to John Bull's stupid taste in the matter and don a black hat simply because it is "English, you know."

London royalty is about to organize a charitable fête in imitation of that carried to success by the Princess Metellus in Vienna. The three little Princesses of Wales are to appear as Yum Yum, Pitti Sing and Peep Peep. "The Mikado" trio. A Scotch ballet will be danced by titled ladies, and it will wind up with a pantomime, in which all the players will take part.

A silver crown piece, known as "the petition crown," of the reign of Queen Victoria, fetched \$1,775 at a recent sale in England. At the latest previous sale a similar coin had brought only \$1,125. A sovereign of Edward VI. brought \$25; a fifty shilling piece of the Cromwell era \$70; an Oxford penny \$25; and old pennies \$20 and \$30 each.

The treasury department recently received half of a \$20 note from a Brooklyn woman with an affidavit to the effect that the other half had been chewed up by a child. The next day came an affidavit from a New York man, containing half of a \$20 note, and stating that the other half had been lost. The two halves bore the same number, and on being laid together the torn edges matched exactly. They were not redeemed.

dry. There are three owners of that name in Sacramento, each of whom was sure the letter was for him. The contest was warm and an interpreter was called in, for while the respective reasons of the claimants were argued. Finally the letter was opened and found to contain nothing but a small bill, which none of the three wanted.

The newspapers of the old world are usually a little off when it comes to describing localities in this country. An Italian paper tells of a cannibal woman in Manitoba, flayed and ate a dozen men. Speaking of the circumference of Italy, it says: "Manitoba is an integral part of the United States, and that were the republic is governed by Grover Cleveland and his gracious lady. Finally, we do not know how she can bear to hear of this unpunished outrage, committed by a woman who can say: 'I am an American citizen!'"

The British order of Odd Fellows shows a membership of \$2,000,000.

Pet dogs in Paris are now clad in mantles with pockets for holding lumps of sugar, bracelets on their paws and a string of little silver bells around the neck.

The world moves, even in England. Word comes from the little island that the London and Manchester railway has decided, "in deference to the prejudices of its American customers," to institute the system of checking baggage.

In the library of Dr. Williams, of London, is a copy of the Bible in short hand. It is exquisitely written, and is said to have belonged to an apprentice of the time of James II, who feared that the Bible was about to be prohibited, and so wrote this copy.

The reign of Kaiser Fritz was marked with the abolition of the cavalryman's cuirass. This was the last cuirass in Europe, and England is now calling for its abolition in her army. In the German army the cuirass has also been discarded in favor of the carbine.

The white hat has become extinct in London, and the reign of the "clovepot" has returned in greater force than ever. There is nothing so picturesque as the white hat for summer head gear, and it is to be hoped that our countrymen will not succumb to John Bull's stupid taste in the matter and don a black hat simply because it is "English, you know."

London royalty is about to organize a charitable fête in imitation of that carried to success by the Princess Metellus in Vienna. The three little Princesses of Wales are to appear as Yum Yum, Pitti Sing and Peep Peep. "The Mikado" trio. A Scotch ballet will be danced by titled ladies, and it will wind up with a pantomime, in which all the players will take part.

A silver crown piece, known as "the petition crown," of the reign of Queen Victoria, fetched \$1,775 at a recent sale in England. At the latest previous sale a similar coin had brought only \$1,125. A sovereign of Edward VI. brought \$25; a fifty shilling piece of the Cromwell era \$70; an Oxford penny \$25; and old pennies \$20 and \$30 each.

Three thousand dollars was voted by congress the other day for firing morning and evening salutes to the flag, which is due to the curious fact that the powder left over from the war lasted just twenty-three years. The last barrel was used early last spring, when the salutes have been fired at any military post except West Point, Fort Monroe and Fort Riley.

Near the old Indian burying ground at the mouth of the Walla Walla river has been found a metal which was given to Yellogot, a famous chief, in 1895, by the explorers Clark and Lewis. On one side of the metal is the inscription, "Dead in friendship," and a pipe and tomahawk in relief. On the other side the face of Jefferson is to be found, and the words, "U. S. A., President U. S. A., 1801."

The danger of semaphores is well known. A writer in The Century tells of a piece of good fortune coming from the habit. A semaphoretic man, anxious about a prize for which he was to compete, invited the writer of an essay, arose from her bed in sleep and wrote a paper upon a subject upon which she had not intended to write when awake, and this essay secured for her the prize.

A peculiar incident of history is the fact that two Jews of Bagdad have bought the entire estate of the ancient city of Bagdad, the great capital of Nebuchadnezzar. The purchasers are two brothers Effendi, one of whom was elected member of the Turkish parliament which convened in 1875. It is remarkable that two Jews have become the heirs of the gardens of Semiramis, the palace of Nebuchadnezzar, or what is left of them.

One of the most thoroughly equipped and highly accomplished centenarians on record is reported from San Diego, Cal. Jeffrey Gordon is his name; he is a negro, and he was born in Boone county, Va., on June 16, 1773. He is still vigorous, and his memory is so good that he remembers to have seen Washington when he was president, and also Jefferson, and to have helped build the cotton lake fortifications at New Orleans for Gen. Jackson.

The omnipresent microbe has been detected in bolts. This discovery shows that the method of polishing is wrong, as the wet and moisture and the development of the microbe. An antiseptic treatment is best.

At Anderson, S. C., they have two brass medals—a gold that holds three thousand and one-half gallons and a brass that holds seven which will hold any fused or exploded thing that tries to get over it.

The statistics of the working of the new divorce law in France afford curious results. The total number of petitions filed from 1884 to 1886 exceeds 20,000. Among these who in 1886 asked for divorce were and simple twenty-four had been married fifty years.

The horses on the training ship New Hampshire publish a little paper called The Naval Apprentice. A recent issue of it has 20 per cent of the 128 boys on the New Hampshire are of foreign parentage, and that the percentage of American born boys enlisted in the training service is much larger now than at any other period.

Two Brooklyn youngsters of an original turn of mind, who frequent a dynamite store, decided to place it on the stove, like many of their elders have done, neither did they attempt to explode it with a hammer. They mounted it in a desirable spot and then stood off and attempted to hit the cartridge with stones. The usual result crowned their efforts.

Coronado Collins, of the government bureau of engraving and printing, has been a most faithful and persevering worker. He has lost only five days in the twenty-four years during which he has been in the service of the government.

Mr. Hosea H. Lincoln, for forty-two years principal of the Lyman school, East Boston, has just entered the ministry of the Unitarian church. He is 67 years old, but in splendid health, and reasonably hopes to perform many years' service in his new field.

Paul Grottkan, the Chicago Anarchist, has returned to the occupation of his earlier years and has opened a photograph establishment near the historic Haymarket. With strange inconsistency he refuses to take pictures for nothing. His is evidently a negative philosophy which does not apply to negatives.

Mr. Depew was a member of the Yale class of 1866. Some of his classmates were also admitted distinction. Among them were Gen. Wager Swayne, John D. Champlin, Jr., and the Rev. E. C. Towne, of New York; Corporation Counsel E. P. Sutherland, of Boston, and Col. John Mann Brown, of Kentucky.

The degree of Doctor of Music has been conferred by Oxford university upon Dr. Walter B. Gilbert, organist of Trinity chapel, West Twenty-fifth street, New York. The degree of Doctor of Laws has been conferred upon the Protestant Episcopal bishop of Fredericton, New York and Minnesota.

Small boys in Phillips, Me., make circus money by digging bait for trout fishermen. The latest quotations were twenty-five cents a quart, offered by one of the leading grocers, and eighteen quarts were brought in at those figures.

The salmon appear to be growing exceedingly obliging in some parts of Maine. One weighing twenty pounds jumped on the boat at a certain point, and was captured by a man who was waiting for the arrival of the boat. The waters of the river are said to be fairly swarming with them.

The black bass fishing among the Thousand Islands is a failure this summer. Even the detestable catches that are used as hotel advertisements have an empty sound. Seth Green is said to attribute the total failure of the season to the great quantity of alvies in the St. Lawrence and in Lake Ontario. Bait at Alexandria bay, however, is as dear as ever.

Eddie Williams, of Franklin, Me., went hunting, and the gun he carried "kicked" very hard, and he fired it a few days afterward he was taken ill and died. The record of the gun had caused concussion of the base of the brain, producing partial paralysis of the spine and digestive organs.

August Michaelson and Hans Tilde, two young German ranchers near Fullerton, Neb., were boating on the Loup river, on a recent Sunday, and August, a few days later, was found dead. He was taken ill and died. The record of the gun had caused concussion of the base of the brain, producing partial paralysis of the spine and digestive organs.

Three-year-old Robbie De Forest, a Connecticut boy, fell head first into a big pot hole the other day. There were several inches of water at the bottom of the hole, but Robbie held himself up by the rim, so that he did not get his face in the water, and the earth he loosened in his struggles absorbed it soon; so danger from that source was soon taken away. There the young man remained, upside down, for three-quarters of an hour, when his aunt saw his feet sticking out of the hole and promptly yanked him out. He was nearly dead.

"Aunt," he said, "I heard you every time you called, but I could not make you hear me."

Disappointment.

The farmer, pretty daughter, lives in the modern green. Searched for a four leaf clover. The clover heads between.

Down in the sunny meadow, beneath the sky so blue, she found a four leaf clover. And put it in her shoe.

"For," said she, "I shall marry the first one who meets my view. While walking in the meadow with a clover in my shoe."

Then her neighbor's farmhouse, she let her fancy run; she found this next door neighbor had a very handsome son.

And then she dashed and started, for, down the shaded way, a figure tall and comely, across her vision lay.

"Oh! little four leaf clover, I will believe in you. Let those who will be careful—I know you've told me true."

With beating heart she waited, "Till the figure came that way. Then, looking up, said sweetly: 'It is a pleasant day!'"

She looked again and pointed, "Lo! there, if you can, this country under a pointer—It was

—The voters lists for the municipality of South Qu'Appelle, are out.

Hay-making is now in full blast. The crop is better than for some years past.

—Mr. and Mrs. S. H. Caswell have gone to Touchwood Hills on a recreation tour.

—Miss Bell, of Lacrosse, Wis., is visiting her sister, Mrs. J. P. Beauchamp of this place.

—The Board of Trade has had a building 8x20, erected on Ninth avenue for the use of the Hook and Ladder Co.

—Mr. C. G. Boothe, of Sinaluta, was in town on Saturday last, and he says the crops around there are looking splendid.

—Regina correspondence and the score of the cricket match between Qu'Appelle and Grenfell, held over till next week.

—Mr. C. E. Cullen, of Christ Church settlement, says they have some of the finest pease, carrots and lettuce that he has ever seen.

—Mr. E. Grundy, of Fort Qu'Appelle, has been awarded the contract of putting up the telegraph poles between Qu'Appelle and Humboldt.

—We hear of no harvesting being done in our immediate vicinity, but barley will soon be ready. The grain and root crops seem very abundant.

—Mr. N. H. Hinds has received orders to hold himself in readiness to join his battalion (95th) in case it is needed to quell the Indian outbreak in the Skeena district.

—The officers and members of the Presbyterian S. School desire to tender their cordial thanks to the friends and public for making the picnic of Friday last, a success by their assistance, contributions and attendance.

—Mr. Lindeburg, of Touchwood, was in town on Tuesday. He is looking after the erection of the telegraph poles for the Government. They are putting lightning conductors on every fifth pole, tightening the wire and are putting the line in first class order.

—There is not a greater iniquity in the line of combinations than that of raising the price of binding twine fully four cent a pound above what it should be in a fair market. Why not get up a company of bona fide farmers to manufacture it in the Northwest? Who speaks first? We are of the opinion that before another year it will be done.

—Mr. Hughes, a settler, living near Mr. McKay's, who has been suffering from rheumatism, was taken down to Winnipeg hospital by the editor of this journal, last Saturday. We have not heard since how he is progressing. Before leaving Qu'Appelle, he received many kindly attentions by members of the Masonic fraternity of which he was a member.

The public are respectively invited to attend.

—The Presbyterian S. School picnic, which took place on Friday last, was a grand success. About 13 o'clock a large crowd of children had gathered at the church and from thence they were conveyed to the grounds where the C. P. R. employees held their picnic last year and by 14 o'clock a large number had assembled. The amusements were a game of base ball between two nines chosen from the local club, croquet, swinging, jumping, running, a barrel race and a barefooted and shoe race which was the most amusing, a number of boys took off their shoes and stockings and put them in one pile and then went about 25 yards distant and at a signal ran back to the place where they started from. Prizes were given the children who won in the races. After most of the races were over all were called to dinner and the ladies deserve great credit for the way in which it was served. The gathering broke up about 19:30 o'clock and everyone left for home feeling better for their day's outing.

—Mr. R. Crawford, of Indian Head, was in town on Tuesday last.

Correspondence.

TO THE RATEPAYERS OF INDIAN HEAD MUNICIPALITY.

GENTLEMEN: On Saturday, Aug. 11th, you will be asked to vote on the following question, viz: Whether you will permit the above named municipality to borrow the sum of \$2,000 for the purpose of building a hall for the use of the council. You are told that \$2,000 is a small sum to become responsible for. You are told that the \$2,000 is not to be repaid for twenty years. You are told that the rent that the council will receive for the use of a part of the building, will pay the interest on the \$2,000 and the annual payment on account of the principal. You are told that the Free Mason Lodge will become tenant for part of the building at the annual rental of \$125. You are told that it is necessary that the Agricultural Society should have a hall in which to hold their exhibitions. Gentlemen, I will give you a few facts concerning "what you are told."

1. You do not become responsible for \$2,000 but for \$3702, that is certainly not the sum you borrow, but it is what you will have to pay back. Figure it out for yourselves. At the end of the first year you have to pay interest on \$2,000 at 9 per cent, and \$100 on account of the principal and every year you will have to pay the interest on the balance and a further sum of \$100 on account of principal. Ought we in the present state of the country to assume such a responsibility (\$3702)?

2. Is it probable that the council will be able to find tenants for 20 years for the part of the building not used by the municipal offices? It is likely that the Free Mason Lodge will continue to pay \$125 a year for the use of one room when at the same rate they could build a hall of their own.

3. Is it necessary that the Agricultural Society should have a hall at the present time? Would it not be better for this society to wait until the financial state of the country would warrant them in asking for direct subscriptions to build a hall?

4. The sum borrowed is only to build a hall. Is it not likely that we shall be asked at an early date to grant the council permission to borrow a further loan to furnish a hall or build a "lean to", or some other extension.

5. At the end of twenty years we shall have paid \$3702 for a dilapidated, frame building. 6. Have the council calculated upon repairs, depreciation of property and insurance? These items would more than absorb the amount calculated to be received for rent.

Ratepayers, individually, do you desire to mortgage your farms for your share of the \$3702. Asking your attention to the above.

I am, Gentlemen, Yours truly,

A. RATEPAYER.

Sinaluta, July 28.

To the Editor of The Progress: Sir: As your columns are always open for the purpose of ventilating grievances, you will confer a great favor on a large number of my fellow ratepayers by inserting the above in your next issue. Thanking you for the space.

Yours, etc., A. R.

FAIR-PLAY.

To the Editor of The Progress:—Sir: I regret to have seen a most extraordinary article in a recent issue of the Leader, denouncing Mr. McGirr, the chief clerk in the Indian Department, I am not in a position to speak of the merits of the charges made in some respects as I am not acquainted with the facts. But having had business on different occasions with the Department, I am bound in all fairness to speak in such a time as this and say that a more thoroughly competent, courteous and business-like official I never found than Mr. McGirr appears to be and any preference that may be accorded to him will meet, I believe, with general and hearty approval. Mr. McGirr knows nothing of this note and has never asked any favors of me. Signed

ALFRED ANDREWS.

Qu'Appelle, August 2.

MOOSE JAW.

(From our own correspondent) —A return match with The Farmers Athletics, is to be played in two weeks.

—We are glad to note that Mrs. Houston, who has been seriously ill, is rapidly improving.

—Our contingent of the Salvation Army is still making converts and plenty of noise.

—Insp. Drayner and Staff Sgt. Fyfe, of the N.W.M.P., were in town, Saturday last.

—Mrs. Boyd returned to Winnipeg on Friday, after six weeks visit to her daughter, Mrs. T. R. Simpson.

—Boating on the creek is fast becoming popular. We have now a fleet of six boats and another one is being built.

—Work on the new church of St. John the Baptist and the Chalmers Block is going steadily forward and they are expected to be finished about the middle of September.

—We noted with pleasure the parties of ladies, who watched Saturday's base ball game. They are always welcome and no doubt the Alerts put in some extra touches to please them.

—Miss Sherlock gave a dancing party at the Foley Hall on Thursday in honor of her guests, Miss Sherlock of Southampton, and Miss Shortt of Toronto, about twenty couples were present.

—Miss McLeod and Mr. Miller were married on Wednesday last, at 19 o'clock, the Rev. Mr. Nichol performing the ceremony. A reception was held at the residence of the bride's mother where the happy couple received the congratulations of their friends.

—Regina vs. Alerts at Moose Jaw, Aug. 4th, this game is looked forward to with great interest, if won by the Regina club they will be holders of the Hamilton-Tait challenge cup for a year. The Alerts should make a special effort to redeem their lost ground.

—The question of giving a bonus of one thousand dollars to Mr. Rorison for erecting a grain elevator here, is being actively discussed and no doubt will lead to a vote shortly. The prevailing opinion seems to be that it is too soon for an elevator and that it would not pay with the acreage that would be tributary to it.

—On Wednesday, July 25, the Mite Society of St. John the Baptist Sunday school, assisted by the ladies of the congregation, gave an excellent entertainment at Foley's Hall. Singing, recitations and Mother Jarley's automations were the attractions. During an intermission in the program, ice cream and cake were served. An enjoyable evening was spent and special credit is due Mrs. Whitmore, Mrs. Ostrander, Miss Hurd, and Mrs. Alexander for valuable help to the Society. The Mite Society was formed early in the spring to raise funds for a hall to place on the new church now building. This entertainment netted them forty-two dollars making a total of eighty-two dollars in their treasury. Miss Mary Alexander is president of the society.

On Saturday The Farmers Athletic club, better known as the Wascanas, and the Alerts of this place played an interesting game of base ball on the latter's grounds, resulting in a victory for the Alerts by five runs and an innings to spare. The game throughout was well played and without a doubt the best game Moose Jaw has played this season. The excellent work of Messrs. Miller, catcher, Barret, pitcher, and Kline, centre field, of the Alerts and of Messrs. Blair, third base, and Balgair Bros. of the Farmers club were frequently applauded. Catcher Miller of the Alerts in the early part of the game, caught an ugly tip on the nose breaking it. He wore a mask but it was defective and broke when struck by the ball. Dr. Turnbull fixed the nose and Miller again took his place behind the bat amid the cheers of the crowd who admired his pluck. A banquet was given the Farmers by the Alerts at the Dining Hall in the evening.
